Digital signage	Installing a digital sign – part of the funds were from a Federal Govt grant called Community Consultation Funds		
Report Forum	Like to acknowledge a small team of parents that have really supported the adjustments to the school reports. There are still aspects that will improve and change but I believe it is by far a better document.		
External Validation	Every 5 year cycle, schools undertake an External Validation. Ours panel day is in November. It is a significant body of work and evidence that needs to be analysed and annotated against the School Excellence Framework. The school excellence framework covers three domains of learning, teaching and leading and 14 themes. Executive teachers will be off class every fortnight on a Friday till the end of term to evaluate school processes and programs and to compile the evidence.		
Website	The new website has gone live but as always with any rollout there are some glitches. We are reviewing the content, eliminating old or out-dated material all the time.
