WISH LIST	<p>There are a couple of goals we are working towards for 2019:</p> <ol style="list-style-type: none"> 1. The STEM Hub in Block G (Ms Walsh's Room). We have completed cabling and ordered equipment for the room. Still need to source flexible furniture and complete green screen wall. We will also need some film and sound equipment for our movie making. The school has invested \$45 000 into this already. 2. Sensory garden - Sarah Brown has worked on a vision for this. I haven't turned my thoughts to it too much, however it will need to be low maintenance. 3. Year 6 Gift - Garden Area outside the hall near existing BBQ - need to purchase sandstone blocks and fine granite for the area. 4. We might need to look at laying an irrigation system and returning the grass area - significant cost I would imagine. 5. I would like to replace basketball backboards as they look fairly dated (low priority) 6. Playground markings under cola might need to be redone as well. 	Chris
